**Keong Industries Pte Ltd**

## **TIMBER DOOR**

### **HIGH PERFORMANCE SOLUTIONS**

- Over 20 years experience
- Singapore Standard SS 332: 2007 tested in TÜV SÜD PSB Corporation Pte Ltd
- British Standard OHSAS 18001: 2007 & ISO 9001:2015 Quality registered
- Design Flexibility with a wide selection of Timber
- Manufacture , Supply & Install (Complete Solution)
- Fire Protection System

# Timber Doors

Keong Industries has over 20 years experience in manufacturing high performance timber door sets for a wide range of application. We offer a range of fire rated and non fire rated timber doors. For fire rated doors, we offer fire protection from 30 minutes up to 2 hours.

Our timber door leaves are built with the latest fire resistant door core and design technology. These are fully tested in TÜV SÜD PSB's Singapore Test Laboratory and certified to Singapore Standard SS 332:2007. Our doors are manufactured in our own 20,000sq feet in Singapore and 2 Malaysian factory facilities of 20,000sq feet respectively.

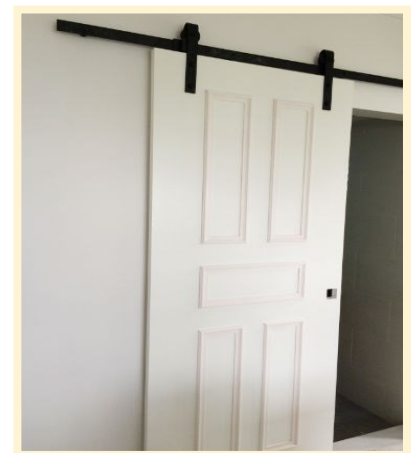

Our fire doors are fabricated as single and (or) double leaf doors with or without Vision panels. We manufacture, supply and install high quality reliable fire rated and non fire rated timber door sets for commercial, industrial, residential and institutional.

## Door Variation

Our timber doors come with either timber frame or metal frame. Timber door can be supplied in the following options.

Timber-based Door Profile	Non-Hour	1/2 hour	1 hour	2 hour
